

HZSD Athletics Leagues – Days of Play

The chart below displays the days on which HZSD league play will be scheduled (brackets indicate the “secondary day” to be used in the event more than one day in a given week is necessary). These days represent the best possible fit, and have thus become the “traditional” days, having been in place in every year previous.

Because it is impossible to accommodate any one team’s request to change the “traditional” days below without adversely affecting other team(s) and league(s), such requests will not be entertained.
